**Admission:** Free

**Doors open:** 1:00 PM

Duo Lehit is a panflute–piano ensemble founded by Taras Berchtold and Anastasiia Bohodysta. With its rare instrumentation, the duo creates a distinctive sound world where the lyrical voice of the panflute meets the rich sonorities of the piano. Since 2022, they have performed together at various venues across the Netherlands and Switzerland, developing curated programs that bridge classical tradition and contemporary music.

In 2025, the duo presented the concert series *Will Remain*, dedicated to rarely performed Ukrainian repertoire, culminating in the world premiere of a new work by Jeyana Morozenko written specifically for Duo Lehit. The program has already been performed at approximately 20 concerts in different venues and cultural spaces.

Duo Lehit has also performed at Muziekgebouw in Amsterdam, further establishing its presence on the Dutch chamber music scene. Their repertoire ranges from

transcriptions of classical works to contemporary music and new commissions, creating a dialogue between tradition and innovation.

The ensemble has received support from multiple cultural foundations and successfully realized projects through crowdfunding initiatives. Duo Lehit continues to expand its repertoire, collaborate with composers, and explore new artistic possibilities for the panflute–piano combination.
